

PERSONAL PROTECTION EQUIPMENT when you're using polyurethane foam products.

The first 3 items are included in the 17 FREE Extras w/ any order over \$250.

**ALWAYS USE:**

Chemical resistant safety goggles (if the respirator doesn't cover the eyes)

Chemically resistant protective clothing to ensure there is NO EXPOSED SKIN

Nitrile gloves (included in all 202 and 602 Foam it Green kits)

A NIOSH approved respirator from the following options:

- Half-Mask Respirators with organic vapor cartridges and particulate filters (P100). Half Mask respirators require a fit test and cartridges/filters should be changed in accordance to a regular schedule.
- Full Mask Respirators with organic vapor cartridges and particulate filters (P100) provide more protection than half-mask respirators. The face shield protects eyes and face from irritants and contaminants. Full Mask respirators require a fit test and cartridges/filters should be changed in accordance to a regular schedule.
- Powered Air Purifying Respirator (PAPM) with an organic vapor cartridge. This type of respirator offers breathing comfort from a battery powered fan which pulls air through filters and circulates air throughout the helmet and hood.
- For more Respirator information, please visit [www.osha.gov](http://www.osha.gov)

Refer to the Operating Instructions and the Material Safety Data Sheet for additional information on Safe Use and Handling of the Foam it Green kits.
